

SINGLE CURVED 11W ANJI TILE

Flexible crystalline CIGS thin film , packaged in curved glass and polymer composite materials, perfectly integrated with the shape of traditional roof tiles, creating a new green building material.

Cost-Effective

Replace traditional tiles get power generation benefits

System Match

Stable power generation system | System real-time monitoring | Ensure electricity safety

Super Waterproof

Double waterproof design

Fashion and Beauty

Exclusive patented technology | Bent shape | Perfect integration with building

Installation Convenience

Humanized installation | Installation is same with traditional tiles

DOUBLE GLASS CURVED ANJITILE

Module Type	AN-110T02	Picture
Nominal Power	11W	
Short Circuit Current	1.84A	
Open Circuit Voltage	8.6V	
PMPP Current	1.62A	
PMPP Voltage	7.1V	
Dimension	L720*W[224,187] *H[69 58] mm	
Thickness	11 (mm)	
Weight	4.5 Kg	
Color	Dark Cyan
